

ON PAPER | PART I

GROUP EXHIBITION APRIL 28 - MAY 23, 2020

The Nicholas Metivier Gallery has always demonstrated its commitment to and respect for works on paper. From exhibiting many solo exhibitions with a focus on paper to publishing prints with renowned Master Printers, we have celebrated the medium for its nuanced characteristics and versatility.

On Paper | Part I, brings together a unique selection of works on paper by various painters and sculptors who demonstrate the medium's importance in providing creative freedom and inspiration in their respective practices.
